COLLECTIBLE PIN QUILT MAPS

National Park Service
USA Collectible Pin & Button Quilt Map

We are introducing a new quilt product for 2014. This is a 8x12 quilt block with a pattern for a wall hanging that can be used to display collectible pins and buttons. We have reproduced several vintage maps that show National Park Service locations and one for Civil War sites.

Our plans are to develop more maps, including Route 66 and other historical highways, rail-

roads, lighthouses, military bases, national seashores, Revolutionary War sites and others. If there are any maps or subjects you would be interested in let us know and we will be glad to develop these for your shop or shop hop. You can tell us what you want on your maps.

The U.S. Navy
Collectible Pin & Button Block

The United States military is a market that has substantial upside. If your shop is located near a military installation let us know. We have added vintage images for the US Army, Navy and Air Force plus WWII airplanes and early jets. Airports and airplanes from the 1930-40s will be our next addition. These wall hangings would make great projects for Father's Day and military moms. (add your own pins)

Susan is currently working to develop a collage of antique sewing images to display your collections of buttons and pins. She will be working on a number of different collages in the next few months.

Souvenir of WEST POINT
Collectible Pin & Button Quilt Block

Our current inventory of images posted on our web site includes sets for 40 states. We plan to have sets available of all 50 states soon. State and city views are popular and we will be adding new images of all states this spring. The new images will include several large letter designs. Our quilt block sets sell very well in resort areas. Visitors want something specific to the areas they visit.

Our quilt products are a unique idea to create for yourself or to give as a gift. The patterns we offer are free. They include wall hangings, tote bags, hot pads, table runners, ornaments, pillows, and fabric postcards.
