

# FABRIC POSTCARD

**2 - 4" x 6" QUILT BLOCKS**

*Instructions Included • Ready-to-Sew!*

## Construction Ideas

There are several choices of products to use to stiffen or provide loft to your post card and adhere the front and back images together. The choice is yours as to how you want your postcard to feel.

Products to consider are:

- Peltex - Pellon
- Fusible Warm Fleece - Warm Co
- 809 Decor Bond - Pellon
- Steam-a-Seam - Warm Co
- Wonder Under - Pellon
- Steam-a-Seam 2 - Warm Co
- Thermolam Plus Fusible Fleece - Pellon
- Timtex Interfacing - C & T Publishing
- Heat N Bond - Therm O Web

## Instructions

- Peel paper backing from fabric block; be careful not to stretch fabric. Trim away all white borders.
- Following manufacturers instruction, use the products of your choice to fill and adhere your postcard images together.
- Zig-zag around outside of block. Set zig-zag to your preference, generally 0-5 stitch length and 2.5 - 3.0 stitch width.
- Additional first class postage is required for hand cancelling postcard, or mail in an envelope with extra postage.

## Care (as needed)

- Colorfast for hand washing; Use cold water and mild (neutral PH) detergent; an example of a neutral PH detergent is Ivory
- Air dry
- Iron reverse side of image on low setting
